range of cargo transit

and logistics solutions, with
shipping analytics and
monitoring technology.

Let's Ship It!

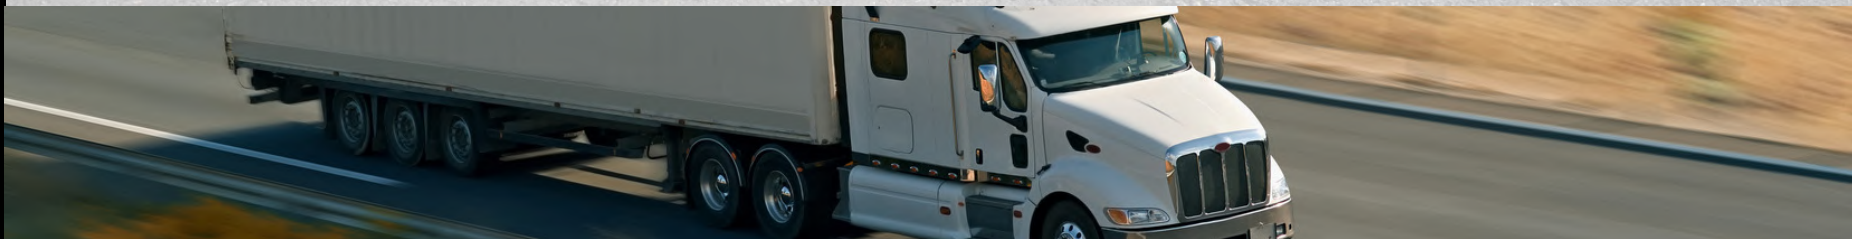

Executive Summary

Summary Modern third-party logistics (3PL) and distribution incorporates both the human element and technology to successfully move freight from A to B. Go AssetCo connects the needs of the U.S. logistical marketplace to tech-enabled 3PL professionals, driving the domestic economy forward.

We take a dynamic, sustainable approach by strategically utilizing a dedicated carrier network to meet our customer's demands. Our network allows us to quickly scale up and down on an as needed basis so our customers get the exact services they need, when they need them.

Who We Are

A group of certified and enthusiast 3PL professionals looking to bring transparency and technology to the domestic 3PL marketplace. Ground to air transportation, flexible warehouse & storage sites, & shipping dangerous goods are just a few of the niche services we can assist with.

Ethical and professional behavior is the bedrock of our company. We treat all of our customers & their containers equally & politely; the demands of the industry do not dictate the professional relationships we create; we'll work with ports to securely import/export your container(s).

What We Do

Independently Certified and Validated 3PL Brokerage

We offer flexible and comprehensive domestic transportation solutions that leverage our trusted LTL & FTL carrier network to ensure your shipment solution is the right fit, every time.

- Leveraging flexible asset-light 3PL units and connections
- Identifying and sustaining long-lasting 3PL relationships
- Utilizing in-house resources to optimize 3PL workflows
- Data-driven analysis for unique and valuable 3PL insights
- Incorporating transparency with automated notifications & real-time communication

3PL Network Capabilities

With an extensive network of truckers, dispatchers, supply chain managers, shippers, and more 3PL professionals, our dedicated brokerage team can find and connect your unique business needs with a certified 3PL operator.

- 48 FT Trucks
- 53 FT Trucks
- Cranes
- Dry/Wet Vans
